

The Yellow Umbrella Project

On May 15th, 2004, at 2 pm.

Imagine! People all over Newport leave their home on foot and walk toward Nye Beach carrying a yellow umbrella.

The idea: This is an art project to involve everyone in the community – artist or not – to inspire creativity and have an afternoon of fun. A photo documentation.

The event: Imagine!
On May 15th, 2004, at 2 pm.
People all over Newport leave their home on foot and walk toward Nye Beach carrying a yellow umbrella. First individuals, forming trickles as others join creating streams of yellow umbrellas as they move closer towards the center of Nye Beach where they gather as a sea of yellow.
The whole process from trickle to gathering will be photo documented and put together as an art exhibition.

Support: This project is non-commercial, non-political, and just for fun. Show your sense of community and fun and support The Yellow Umbrella Project!

- Tell others about the project.
- Participate, make your umbrella and join the fun.
- Get together with groups of friends.
- Be a volunteer and help organize
- Be a photographer to document the event
- Donate materials from your garage or shop
- Make a monetary donation to buy materials, print flyers, etc.

The Fun: Where do we get a yellow umbrella?
The idea is that everyone is having fun creating their own umbrella, big ones, small ones, long, short, round, square, group umbrellas, elaborate or simple. Use all kinds of materials from your garage. It is easy to make, you don't have to be an artist or craftsman.

Everybody is invited.

Workshops: For those who don't feel confident we will have all kinds of workshops to give you some inspiration and to demonstrate just how easy it is to make a yellow umbrella. Come for a demonstration to get inspired or just bring some basic materials and make your umbrella right there.
If you are a group ask for your individual workshop.
